

Marin Science Seminar *What do scientists really do?* The Marin Science Seminar brings working scientists: engineers, physicians, programmers, medical professionals, and more to speak to local teens. Visit www.marinsscienceseminar.com

Dates: Six Wednesdays per semester, 7:30 – 8:30 pm

Location: Terra Linda High School, 320 Nova Albion, San Rafael; Physiology Lab 207.

Fall 2017 Series

September – Marine Biology & Genetics

27: "Not Your Mother's Genes: How Maternal and Developmental Plasticity Shift Climate Change Responses in the Eelgrass Sea Hare" with Richelle Tanner of UC Berkeley

October – Cyborgs and Insects

4: "Cyborgs! The Not-so-distant Future of Human-Machine Integration" with Nuria Vendrell-Llopis of UC Berkeley's Brain-Machine Interface Systems Laboratory

11: "Name that Bloodsucker!" with Eric Engh of Marin-Sonoma Mosquito Vector

18: "When Parasites Kill: Changing antimalarial drug sensitivities in Uganda" with Stephanie Rasmussen of Dominican University & UCSF

November – Ecology, Anatomy & Evolution

8: "Flooded by Science and Seawater: King Tides and What they Can Tell us about Sea Level Rise at China Camp State Park" with Sarah Ferner of SF Bay National Estuarine Research Reserve - a program of NOAA & SFSU

15: "Making Faces: Developmental Mechanisms of Craniofacial Evolution" with Richard Schneider of UCSF

Free Local Science: What Physicists Do- Mondays @4pm @SonomaState: phys-astro.sonoma.edu/wpd
Mt. Tam Astronomy friendsofmonttam.org/astronomy/schedule
