

What do scientists really do? The Marin Science Seminar brings working scientists: engineers, physicians, computer programmers, medical professionals, and research scientists, to speak to local teens. Visit www.marinscienceseminar.com to learn more.

Dates: Six Wednesdays per semester, 7:30 – 8:30 pm

Location: Terra Linda High School, 320 Nova Albion, San Rafael; Physiology Lab 207.

Spring 2018 Series

January 17: "**Wild Worms and Mineral Mosaics:** A glimpse into hydrothermal vent communities" with Jennifer Runyan of the Lawrence Hall of Science

January 24: "**Exoplanets**" with Warren Wiscombe of NASA-Goddard Space Flight Center

January 31: "**The Fountain of Youth: Is it a Myth?**" with Chong He of the Buck Institute, Novato

February 28: "**Gnashing, Gnawing, and Grinding: The Science of Teeth**" with Tesla Monson of UC Berkeley

March 7: "**The Marin Wildlife Picture Index Project**" with Lisette Arellano of One Tam and Golden Gate National Parks Conservancy

March 28: "**Name that Bloodsucker!**" with Eric Engh of Marin-Sonoma Mosquito Vector
