

Marin Science Seminar presents

The Case of the Knocked-Out Neuron

Why brain neurons die and how we can save them
with Raymond Swanson, M.D.

A one-hour multimedia presentation for Marin Middle and High School Students

Wednesday, March 25th, 2009

7:30 – 8:30 pm

Terra Linda High School, Room 207
320 Albion Way, San Rafael, CA 94903

Dr. Swanson's talk will cover an introduction to diseases that cause neurons to die. It will focus on **Alzheimer's disease** and **stroke**. He will also talk about how scientists work to figure out why neurons die and what can be done to keep them alive.
